Doug:

I approve in principle of the points raised in the two attached papers. However, rather than formally approving them now, I would prefer that more specific proposals be developed and coordinated with interested elements concerned (i.e., CSPE, Area Divisions and Staffs). This is particularly desirable in arriving at a determination of the number of Support Planners needed at overseas stations. Regarding your proposal for selecting and training Planning Officers, I think we should be more sure of our requirements before initiating any such program. 15/2/57
